Total				

Headache days	15+ for >3 months: chronic range
Days with any acute medicine	10+ if several classes
Days with triptans, combination analgesics, opioids or ergots	10+
Days with simple analgesics or NSAIDs	15+

Reference levels from ICHD-3 (1.3 chronic migraine; 8.2 medication-overuse headache) apply to regular use for more than 3 months. A monthly count is a prompt for a conversation, not a diagnosis. Several doses on one date count as one day.
